

Praise and Worship Service

We understand that worship style sometimes needs to be changed in order to connect with the community. At First Baptist Church we would never compromise the content of our worship for the purpose of sharing the good news of Christ with our community.

In 2007 we began offering a contemporary Praise and Worship service in addition to our current Blended/Traditional service. This service is in a more contemporary format. The praise and worship portions of the service are led by an adult praise band and praise team and consist of current praise and worship choruses, upbeat music, videos and special presentations.

If you're looking for a church to attend, we invite you to experience Christ at First Baptist Church through either a traditional or contemporary approach. The choice is now yours!

Come join us for worship this Sunday! The service is held in our main worship center. Dress is casual and child care (worship care) is available for preschool children, birth through three years.
